

DOWN-HOME BUSINESS BANKING

"I've been with UCB for 17 years since they opened in Springfield; they were the only bank in town that offered full-service banking with a courier for deposits. They even made a special offer for our employees! I work with Sarah Dellert and she's always done a great job for us. When I call, I never have to wait to talk to her like at other banks, she's always there when I need her."
